

Letter rec'd & directed to Dr. Chas. McLean

Provident Sept 28. 1846

Dear Sir

Enclosed I send you a letter for Dr
McLean if rightly directed please drop it in
office, if not direct it right and oblige me.

I am now studying medicine - Campbell
has doubtless told you of my unfortunate partner-
ship at NY - the men who were with me turned
out scoundrels, and like poor Tray I had to suffer
for being found in bad company. I trust however
by my after life to prove I am honest and worthy
of the regards and esteem of my friends, among
whom there is none I now respect & esteem &
more to whom I feel more grateful for very
many acts of kindness, than yourself & family

Please remember me to them kindly
and accept for yourself my best regards

Chas. G. McKnight

Letter to a friend
March 1844

1844

My dear friend
I have just received your letter of the 10th inst. and am
glad to hear that you are well and happy. I am
also well and hope these few lines will find you
the same. I have been thinking much of late
of the future of our country and of the
state of the world. It seems to me that we are
approaching a great crisis and that the
future of our race is at stake. I feel that
it is our duty to do all that we can to
prepare for the worst and to strive for the
best. I hope that you will join me in this
work and that you will be able to do
much good in the world.
